Parent Power

There are many ways to support your child's learning at home and at school. Here are a few ideas:

1. Spend a few minutes every evening looking over handouts your child brings home.
2. Fill out forms to return the next day. Ask your child's teachers if you can help them out at school or home.
3. Make sure teachers know you appreciate their efforts. From time to time, send a thank-you note or an email.
4. Contact your child's teacher immediately if you see a problem. Working together will help your child succeed.
5. Attend conferences, parent meetings, and school events regularly.
